## Getting around the local area

This guide will help you get to know your local neighbourhood on foot, by bike or using public transport.

We encourage you to look closely at what's nearby and take the time to explore what our City has to offer.

**Wherever you are going, consider your options – that is what being TravelSmart is all about.**

To find out more about TravelSmart go to: [www.transport.wa.gov.au/activetransport](http://www.transport.wa.gov.au/activetransport)

## How to use this map

The two sides of this map show different areas of Albany and include information on walking, cycling and bus routes. Both sides feature a wide range of handy services and amenities.

Feel free to follow these tips that have helped thousands make the most of their maps.

1. Mark where you live.
2. Mark where you frequently visit, like the shops, work, friends' and families' homes and the local park.
3. See if you can get to these places by walking, riding your bike or catching a bus. If you can, highlight the routes for quick access when you're out and about.

To make even more use of this map, try the following:

- Look for places you never knew were there like parks, community centres and delis.
- Each time you're looking for ways to get active, consider visiting somewhere new. You might just find something or meet someone that makes your day.

## Walking and Riding

Walking and riding are great ways to fit physical activity into your everyday life. Think about the local trips you make such as going to the shops, dropping kids at school, visiting friends and family or posting a letter. Which of these can you do by walking or riding?

This map shows on-road bike lanes and 'shared paths', which are wide footpaths often painted with large bicycle symbols. These paths connect to some local centres and high-quality shared paths, which are much wider and have a dotted line down the centre.

Due to more and more people riding bikes, plenty of bike racks have been installed in our City. Keep an eye out for the bike parking symbol. The City of Albany is committed to making sure you have plenty of places to secure your bike when cycling about the City. If you have any great ideas as to where a bike rack is needed please email our TravelSmart Officer at [travelsmart@albany.wa.gov.au](mailto:travelsmart@albany.wa.gov.au).

Check out the amazing historical and tourist sites around the City - walk or ride there. Info at [www.amazingalbany.com.au](http://www.amazingalbany.com.au)

For further information about the amazing riding in the region check out the 10 Great Rides section on [www.amazingalbany.com.au](http://www.amazingalbany.com.au)

## Catching the Bus

On the maps, the thick green coloured lines are bus routes. Bus stops are shown as coloured squares along the route. Buses in Albany sometimes travel in one direction along a route. Arrows indicate which way the bus travels and you can track the thick green coloured lines to see where the bus goes.

To find out when buses depart from your local stop, visit [www.transregional.wa.gov.au](http://www.transregional.wa.gov.au) or call 13 62 13. You can also call the Albany depot on (08) 98411211 during business hours. Bus timetables are available from the Visitors Centre and the library.

All buses on accessible routes are low-floor and have ramps for prams, wheelchairs and strollers. Accessible bus route numbers are in blue boxes on the map and are marked accessible in the legend.

We hope you enjoy exploring what the City of Albany has to offer.

It's how you get there that counts
