

### **CORRIGENDUM**

'Flora and vegetation communities of selected islands off the Kimberley coast of Western Australia'.  
Appendix 2, p. 234. The values in the column titled 'totK' (Potassium in NaHCO<sub>3</sub>) are incorrect for the islands  
sampled in 2009 (Hidden, Kingfisher, Lachlan, Long, NW Molema, Storr, Sunday, Un-named and Wulalam);  
they are Phosphorus in NaHCO<sub>3</sub>. This variable was not included in the analysis.
